

Hospital & Clinic Fact Sheet

Economic Impact

SSM Health Care of Wisconsin* & Dean Health System are building a \$140 million community hospital & clinic in Janesville, scheduled to open in late 2011. SSMHC/WI will build the hospital and Dean, its physician partner, will build a new clinic adjacent to the hospital.

The hospital and clinic are expected to provide approximately:

- 344 direct jobs in the community, plus an additional 155 indirect jobs.
- \$164 million in economic impact annually to the community, including approximately \$40 million in payroll and \$124 million in sales revenue.
- This project will be completed without state or federal funding.

Project Description

SSM Health Care of Wisconsin (SSMHC/WI) and Dean Health System Inc. (DHS) of Madison, WI, will build a new state-of-the-art hospital and clinic on a 50-acre site in Janesville, located at the southeast corner of the I-90 and Highway 11 interchange.

St. Mary's Janesville Hospital will be a 50-bed hospital totaling approximately 175,000 square feet. Dean Clinic in Janesville will total approximately 140,000 square feet. The 50-acre site incorporates space for planned future growth of both the hospital and the clinic.

The convenient location will allow easy access for patients coming from Janesville and other surrounding communities.

Available Services

Along with the full range of existing clinical services provided in Janesville, the new community hospital will offer:
